Occidental College,  
Los Angeles CA

2013-2017

### GEOSPATIAL CERTIFICATE

California State Polytechnic  
University, Humboldt

Expected completion date:

July 2023

## EXPERIENCE

### YOUTH FIELD CREW MANAGER

The Watershed Project, Richmond CA

October 2022 - Present

I am the primary manager of The Watershed Project's youth development program, called the Green Collar Corps (GCC). GCC exists to provide local youth that are underrepresented in the environmental field with paid environmental experience and professional development.

#### Notable accomplishments:

- Developed robust recruitment and onboarding process for incoming interns
- Engaged with staff across the organization to better understand program goals, and implemented intern trainings to achieve these goals

### PUBLIC EDUCATION SPECIALIST (EBAYS)

The Lawrence Hall of Science, UC Berkeley

November 2019 - October 2022

My role at East Bay Academy for Young Scientists (EBAYS) involves developing curriculum and delivering informal Environmental Science programming to middle and high schoolers in the East Bay.

#### Notable accomplishments:

- Tailor soil sampling and air quality monitoring programming to meet the timing needs of each school or internship group; assessing group dynamics and the needs of students and help them develop as leaders
- Developed an ArcGIS Online map with over 1,500 student generated data points for lead (Pb) in soil

### PROJECT GEOLOGIST

Environmental Applications Inc., South Pasadena CA

November 2017 - February 2019

As the company's primary contact in the field, I coordinated with field technicians, subcontractors, and regulators to perform groundwater and soil sampling, monitoring well installation, and oversight of activities while on site.

#### Notable accomplishments:

- Assisted Senior Geologist with site investigations and remediation efforts; analyzed field data and prepared sampling reports for clients and regulators
- Additional duties included permit applications, map drafting, and administrative tasks as assigned
